## **iEngage Winter Summit: FAQ's for Hillel Professionals**

### **What is the iEngage Winter Summit?**

The Winter Summit is our virtual analog to the iEngage Student Seminar. Since we can't travel to Jerusalem, we are providing the next best thing – a top rate experience with our faculty, on the topics that are most pressing to Jewish college students today.

### **How can I participate?**

Any Hillel can participate – you only need to recruit a group of 5 - 20 college students and have them register on our site.

### **Is there flexibility in the schedule?**

Yes – within reason! We want you to make the choices that make the most sense for your students. If that means not participating in evening programming or only participating in one program a day – it can be arranged. Talk to [Rob](#) to make sure he's in the loop.

### **Will there be reflection or processing time?**

Yes! Because this is virtual, we will be building in more space within sessions to be in small groups and hevruta study. And we are leaving Tuesday and Thursday afternoons open for campuses and cohorts to hold processing time if they wish.

### **Is there a registration fee?**

No! This program is being offered free of charge.

### **What do the days look like?**

Here is a [sample schedule](#) for the week
