iEngage Winter Summit: FAQ's for Students

The iEngage Winter Summit sounds cool – who can participate?

The Winter Summit is open to all college students.

How do I participate?

All participants must register and will be placed in a cohort. There are two options for cohort placement:

- 1) To participate as a cohort organized by your campus Hillel
- 2) To participate in a cohort organized for individuals wishing to participate on their own.

Community is part of this experience, and there will be time to learn within your cohorts and to reflect collectively.

Is there a registration fee?

No, this program is offered completely free of charge.

Do I have to participate in every session?

Evening sessions are optional; all other session attendance is strongly encouraged and required to have your registration fee waived for the next Winter Seminar in Jerusalem.

What do the days look like?

Here is a [sample schedule](#) for the week
